

Valley of Fire Desert Adventure ATV Tour

ATV Tour, Valley of Fire State Park Sightseeing and RZR Off-Road Track

Have you ever wanted to kick up a little sand? Explore with us a Desert Adventure on an ATV Tour that will leave lasting memories. We offer the ultimate self driving Off Road Tour that will allow you to experience the Southwestern Desert from a unique perspective on a private trail system. You will ride your ATV through a series of trails from Sand Dunes, Sand Stones, Washes and Gullies. Drive your ATV to the top of the mesas and see views of Lake Mead, entrance to the Grand Canyon, and the North Side of the Valley of Fire.

The fun doesn't stop there, after your ATV Tour; you'll have the opportunity to drive laps in a RZR on our new Off Road Track!

But that's only 2, right? Third stop is the Valley of Fire State Park, for some sightseeing, picture taking, and your chance to visit Nevada's oldest state park.

This excursion lasts approximately 6.5 hours (hotel to hotel)

Includes: Hotel pickup, boxed lunch, all gear, bottled water, ATV tour, Off-Road RZR track, and Valley of Fire State Park Tour.

Eldorado Canyon ATV Tour- Gold Mine

Experience the best Las Vegas ATV Tour. Ride your ATV on a Las Vegas ATV excursion, up and around trails that were meant for big horn sheep and mule driven ore wagons. Big open sky, the Colorado River and views of the mountain ranges leading to the Grand Canyon are an awesome site to take in from the top of our trail head. ATVs are late model, 4 Wheel drive, fully automatic, and a blast to operate! After a Safety and Operations Orientation, both beginners and experienced riders will be ready to hit the trail with our Professional Guides.

During this Las Vegas ATV tour, you'll be riding on extreme mountain terrain, surrounded by forests of cholla cactus with towering, multicolored rock formations as the backdrop for this incredibly scenic tour. This tour is great for all levels of riders. There is no better way to see the desert scenery and experience the history of Eldorado Canyon, than on this Las Vegas ATV Tour. Step right into the pages of history, with a walking tour of the Techatticup Gold Mine.

You will venture deep into this rumored haunted gold mine and visit three different shafts, one of which drops down to over 900 feet. Learn how the hardest of men labored feverishly looking for GOLD! Chiseling their way through the mountainside inch by inch, with the most primitive of tools and working by candlelight. The Techatticup Gold Mine was once Nevada's largest producing mine, and Eldorado Canyon's population during those days exceeded the population of Las Vegas!

This excursion lasts approximately 6.5 hours (hotel to hotel)

Includes: Hotel Pickup, Boxed Lunch, ATV Tour, Techatticup Gold Mine Tour, All Gear, and Bottle Water.

Hotel Pickup: Sept. 15 –May 14 at 9:00am and May 15 –Sept. 14 at 7:00am

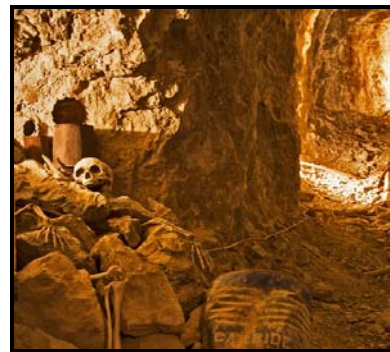

Eldorado Canyon Horseback Riding Tour

Las Vegas Horseback Riding doesn't get any better than this: Mount up with us and take a ride back through time to the place that, for decades, had a sordid history of notorious claim jumping, feuds and shootings during the wild days of it's past. This tour offers a horseback ride featuring views of the Colorado River, explore gold and silver mines dating back to the 19th century, Miners, Cowboys and Indians were the primary residents of this lawless land, on this tour you will have the opportunity to visit some of their original home sites and experience a re-creation of an "Old West Mining Town."

The ride treks along paths that were originally used for mule driven ore carts that carried precious minerals to the river. On this Las Vegas Horseback Tour, we'll be riding on mountain terrain, surrounded by forests of cholla cactus, with towering, multicolored rock formations as the backdrop for this incredibly scenic tour.

Step right into the pages of history, with a walking tour of the Techatticup mine. We will venture deep into this rumored haunted gold mine and visit 3 different shafts, one of which drops down to over 900 feet. Learn how the hardest of men labored feverishly looking for GOLD! Chiseling their way through the mountainside inch by inch, with the most primitive of tools and working by candlelight.

This excursion lasts approximately 6.5 hours (hotel to hotel)

Vegas Mini-Baja Chase (Frantic Pace)

This is a 30-minute heart pounding chase was billed as "Sin City's Best Near Death Experience!" By *Rolling Stone Magazine!* Dr. Frank Styles, of the hit TV show "The Doc Star", known for his wild adventures, told us that he "had an out of body experience" flying down one of the steeper descents. Vegas Dunes is 15,000 awesome acres of varied desert terrain right on the edge of Las Vegas only 15 minutes from the strip consisting of dunes, gravel, hard pack, hills, valleys, washed out creek beds, and trails running every direction. This area is very technical and challenging with lots of tight and twisty trails. On occasion, the same area is used by several off-road racing organizations such as SNORE, SCORE, MRAN, and Best in the Desert. The Mini-Baja is fast-paced and not tailored for the weak at heart.

During your adventure you will travel over very aggressive and challenging terrain. You are required to wear a full face helmet and a 4-point harness at all times on the course. Typically 1 and 2 seat buggies are best suited for the Mini-Baja; however we do have larger Buggies available for families to bring the kids. While our custom buggies are expert at taming this type of terrain you need not be as they're easy to drive with only gas, brake, and steering just like your automatic car. This is not a slow paced sightseeing tour. Your job will be to chase one of our expert Dunies and the only thing that will slow our Dunie down is if he's waiting for you to catch up. While we make these buggies tough enough for you to really put them to it, it's your tour you can go as fast as you feel comfortable. Come take a ride that you won't soon forget!

Available 365 a year. Transportation provided to and from ARIA.

The Valley of Fire Tour (Casual Pace)

The area you'll be riding in has been featured by numerous magazines as one of the top off-road riding areas in the United States. This wonder of nature can only be described as breathtaking. While you will occasionally encounter Big Horn Sheep and other wildlife, the Valley of Fire is world renowned for its beautiful rock formations and red sand.

The Buggy tour company takes great pride in being the only approved dune buggy rental operation and fully support the tread lightly program (max speed is 20mph in the park). This is definitely the place to see if you want to take photos. This area offers an unparalleled spectrum of beauty and is truly a wonder of nature. We typically bring 2, 4, or 5 seat buggies out here, and like our other tours, if you would rather ride than drive, we can arrange for you to ride with a guide. You will go through the Logandale trail system that brings you into and through the most picturesque parts of the Valley of Fire. The custom-made Buggies are easy to drive and a perfect way to take a ride in the Valley of Fire.

Available 365 a year. Transportation provided to and from ARIA.

The Las Vegas Mini-Dakar

Part 1 - The Valley of Fire on 4WD Quads

You will spend approximately 2 1/2 hours on a rugged Suzuki Eiger 4x4 ATV, taking in what is quite possibly the most pristine, beautiful, landscape available to off road motorized traffic in the USA. The beauty of this area is quite simply indescribable and photos do not do this destination justice. The terrain is so alien that numerous production companies have filmed segments without having to perform modifications to the terrain. Star Trek was originally filmed here. After completing the first leg of your journey you will take a 40 minute transport break while you eat the box lunch that we will provide for you, as well as the complimentary beverages.

Part 2 - An Extended 2 hour Mini Baja Chase

After lunch you'll arrive at the Vegas Dunes for the second leg of your adventure. This course you will be traveling on what was recently featured in the *Rolling Stone Magazine* and referred to as "Sin City's Best Near Death Experience!" You will go on a full 2 hour run. You will be operating a state-of-the-art vehicle which is a cross between a Desert racer and a Dune buggy on a 35 mile course that will subject you to dried out river beds, sheer cliffs, a place called rattle snake rocks and look out dune, a vantage point where you take a brief break and can see Lake Mead and the Las Vegas Strip on the horizon.

After your Buggy ride you'll get a complementary T-shirt and be shuttled back to ARIA.

Available 365 a year. Transportation provided to and from ARIA.

The Terra Drift Experience

With the Terra Drift, you'll take the extreme adrenaline pumping Off Road adventures to the pavement! The Drifting craze has taken the world by storm but if you've ever tried to Drift like the pro's you'll know just how hard it is to control any rear wheel drive vehicle well beyond it's traction limits. Drifting a vehicle that'll torture the tires into a screaming cloud of white smoke is not something the average Joe can just hop in and perform, until now. The sport of drifting is accessible to anyone with a specialized setup that is easy to drive yet still tricky to master! As soon as you climb into a Buggy Drift Racer you can feel the low center of gravity and 4 point racing harness holding you securely inside a fully welded double loop roll cage and just know that it's ok to go for it! Like the desert racers the drift cars are automatic with no shifting needed, just Go, Stop, and Aim (gas, brakes, and steering).

Each session on the paved Terra Drift allows you the opportunity to melt some tires while you slide your drift racer around the tight road course. Twist the wheel and stab the peddles to drift your way from corner to corner launching into the straightaway's only to frantically grab the next corner in a tire smoking fury. This fast paced experience will leave you pumped up, wild eyed, and out of breath. The Terra Drift is just one more way that Welcomes You To The Edge!

Available 365 a year. Transportation provided to and from ARIA.

Amargosa- Biggest Dunes in North America (Free Roam)

Aptly named, these dunes exceed 500 feet in height and are absolutely breathtaking in their immensity. This site is 2 hours from The Strip and comes in custom pre-booked excursion form. Like all adventures you will be provided a free shuttle from your hotel and back and because this is a whole day excursion, you will be fed lunch and as always hydrated with plenty of complimentary icy cold bottled water. Amargosa Means 'Big Dune' and they are so steep and so tall that you're not likely to get to the top of many of the larger dunes here, but we know you'll have fun trying. These are the tallest dunes in North America! One of the best parts are the huge 'bowls' formed between the large dunes that you can zip around in racing towards the bottom only to race back up the other side, turn around and repeat.

This is a free roaming adventure where we'll show you how to drive the buggies, how to properly navigate over the sand razorbacks, and show you around the area at which point you just go for it and explore all on your own. The staff stays on site and is there to assist whenever needed and to make sure you're having a safe adventure. If the 2 hour shuttle ride from Las Vegas seems too long ask about arranging a helicopter to whisk you up to Amargosa from the Las Vegas airport on the south end of the strip, we can make that happen for you for an additional fee.

Available 365 a year. Transportation provided to and from ARIA.

Kayak Tours

Eldorado Canyon Kayak-Gold Mine Tour

Talk about the ultimate Las Vegas Tour Package! Book this Eldorado Canyon Gold Mine and Kayak Tour and get the best of both worlds! You will experience Nevada history as you take this walking tour of the Techatticup Gold Mine. Venture deep into this rumored haunted gold mine and look down 3 different shafts, one that drops more than 900 feet down. Learn how the miners chiseled their way to riches, using primitive tools and working by candlelight. The Techatticup Gold Mine was once Nevada's largest producing mine, and Eldorado Canyon was home to more people than lived in Las Vegas during the mining heydays.

Next up, paddle your way leisurely down the Colorado River, where the steamboats of the past carried ore and precious minerals from the Eldorado Techatticup Gold Mine. The views are great, and keep your eyes out for Kit Fox, Big Horn Sheep, and many other wildlife species that call this area home. Your picnic lunch on the shores of the Colorado River is a relaxing break from the hustle of the city.

**This excursion lasts approximately 4.5 hours (hotel to hotel)
Includes complimentary transportation to and from ARIA**
